

~~SECRET~~

CODIB-D-33/3  
3 December 1962  
Limited Distribution

UNITED STATES INTELLIGENCE BOARD  
COMMITTEE ON DOCUMENTATION

Demonstration of WALNUT Document Machine Capabilities

1. The WALNUT document machines have recently been delivered and are being installed. In anticipation of CODIB interest, a demonstration has been scheduled for Thursday 20 December 1962, prior to and following the next CODIB meeting (agenda to be distributed subsequently).

2. Since it would be difficult for more than 10 people at one time to see and hear what goes on in the computer room, this CODIB briefing will be given twice, once before the regular meeting from 0930-1000 and again after the meeting from 1100-1130. The two groups, limited to CODIB principals and alternates, have been arbitrarily drawn up as shown on the attached page. If shifting is required, would you please inform the Secretary.

4. For planning purposes, would you please confirm your attendance, as well as that of your alternate or other designated representative, by noon 19 December.

Secretary
